

ACCESSING MOODLE

To access your classes in Moodle, login at: <http://eperalta.org/fall2016/>

- Your Username is your student ID#
- Your Password is your birth year and month and day
Example: if your birth date is December 9, 1995 – then your password is: 19951209

The screenshot shows the Moodle homepage for Peralta Community College District. The page layout includes a header with the district name and a language selector. On the left, there are three menu sections: 'Site Resources' with links to 'Faculty Moodle Resources' and 'Online Learning Orientation'; 'Navigation' with links to 'Home', 'Site Policy', and 'Courses'; and 'Main menu' with a link to 'Site Policy'. The center of the page features the Peralta Community College District logo and the text 'Peralta Community College District Fall 2016 Moodle Site'. Below this is a 'Login Instructions' box that specifies: 'Your login details are: Username = PASSPORT User ID (lowercase if letters), Password = date of birth in the format - yyymmdd, need help? contact online@peralta.edu'. Below the instructions is a note: 'PLEASE NOTE THE DEFAULT EMAIL ADDRESS IN PASSPORT AND MOODLE IS YOUR PERALTA EMAIL.' At the bottom, there is a 'Frequently Asked Questions' section with two main questions: 'Can't find the Course in 'My Courses' when you login?' and 'Already registered in PASSPORT, still can't see the Courses in Moodle?'. A red arrow on the right side of the page points to the 'Login' form, which includes fields for 'Username' and 'Password', a 'Remember username' checkbox, and links for 'Log in' and 'Lost password?'.

Once you've logged in, your Moodle homepage will list classes that you are enrolled in if, and only if, your instructor has made them visible. If you don't see them, contact your instructor to inquire if they will be making them available to you.

If you have trouble logging into Moodle, send an email requesting assistance to online@peralta.edu - be sure to give you name, your student ID# and explain the problem.
